

TOBILOBA AYOMIDE OYETUNJI

Remote Worker | Lagos, State
oyetunjitobiloba82@gmail.com

PERSONAL STATEMENT

Enthusiastic Computer Science graduate with a strong foundation in programming and machine learning. Eager to apply academic knowledge and practical skills to develop innovative solutions in the technology industry. Committed to leveraging expertise to contribute proactively to projects that require a cohesive understanding of both disciplines, aiming to enhance organizational success through secure and efficient communication systems.

PERSONAL DATA

Date of Birth: August, 12
Gender: Male
State of Origin: Osun State

EDUCATION

Bachelor of Science in Computer Science,
University of Ilorin, Ilorin, Nigeria.
October 2019 – August 2024

WORK EXPERIENCE

NYSC Intern – Frontend Developer, Technocrat IT, Lagos
February 2025 – Present

- Contributed to the development of scalable web applications using React and TypeScript.
- Implemented responsive interfaces with Tailwind CSS, ensuring cross-device compatibility.
- Utilized GitHub for version control and team collaboration.
- Participated in code reviews, debugging, and performance optimization.

Web Development Intern, Softrays IT Center, Ilorin, Kwara State.
November 2022 – May 2023

- Developed and maintained client websites using HTML, CSS, and JavaScript.
- Collaborated with the design team to enhance user experience and interface design.
- Assisted in troubleshooting and debugging web applications to ensure optimal performance.

EXTRA CURRICULUM ACTIVITIES

Social Director, Nigeria Association of Computer Science Students (NACOSS),
University of Ilorin Chapter
2023/2024 Academic Session

- Organized and coordinated social events and activities for computing students, fostering community engagement and networking.
- Collaborated with the executive team to plan and execute initiatives promoting student involvement and professional development.
- Managed event budgets and logistics, ensuring successful program delivery.

Sports: (2022/23, 2023/23 NACOSS HOD'S CUP Winner) Volunteering

TECHNICAL SKILLS

Frontend Skills – HTML, CSS, JavaScript, React, TypeScript, Tailwind CSS

Tools – GitHub, Figma

Web Performance Optimization

Scripting Languages – PHP, Python

Others – Machine Learning, Data Science

CERTIFICATIONS

- Web Development Bootcamp (Udemy) – 2025
- The Malware Analysis Course (Udemy) – 2023
- Ethereum and Solidity (Udemy) – 2024

PROJECTS

Ovarian Cancer Subtype Classification Web Application

- Developed a web application utilizing Convolutional Neural Networks (CNNs) to classify different subtypes of ovarian cancer. The application processes histopathological images to accurately identify cancer types, contributing to early diagnosis and personalized treatment plans.

Personal Portfolio Website

- Developed a responsive personal portfolio website to showcase projects and skills. Utilized HTML, CSS, and JavaScript to create an interactive user experience.

Responsive Table Reservation System

- Designed and implemented a responsive table reservation system that allows users to reserve tables in advance. The system includes features such as real-time table availability, reservation management, and user notifications, enhancing the dining experience for both customers and restaurant staff.

PROFESSIONAL AFFILIATIONS

Member, Nigeria Computer Society (NCS)

Former Member, Nigeria Association of Computer Science Students (NACOSS),
UNILORIN.
